FREE MEDICAL SURGICAL CAMP-2022

With an objective of offering free specialized surgical services and hence improve surgical access to the poor and vulnerable in Eastern Uganda

For the past 8 years, Bethesda hospital Soroti has been giving back to the community in a more compassionate way especially focusing on the less privileged who cannot afford health care in a private facility. A miraculous opportunity presented itself when Bethesda Medical Center-Kampala partnered with our hospital to conduct a free surgical camp.

With the Camp lasting for two weeks; including registration, screening, and Surgeries, **over 250 patients turned up for health screening and registration**. A Team of 18 experienced medical professionals including Surgeons from Germany and the USA; different kinds of surgeries were performed ranging from Herniorrhaphy, thyroidectomy, excisions, Hydrocelectomy, Mayor's repairs, I&D, foreign body removal, etc.

It was a joyous time as people far and near were able to benefit from the free surgical camp since

many of them had stayed in their infirmities for years not being able to afford surgery. Even those who had just medical conditions which did not require surgery received free Doctor Consultations, Free HIV/AIDS testing, and counselling from the doctors.

The beneficiaries of the camp left the hospital with excitement about how the Lord God had answered their prayers through Bethesda hospital Soroti.

A big appreciation goes to the visiting surgeons from Bethesda Medical Center-Kampala for being compassionate and loving the people in the Teso region. Love was extended to the poor and also hope was restored to the hopeless. More appreciation to the Voice of Teso Radio and TASO Uganda for partnering with the hospital and enabling us to reach the unreachable.

We look forward to organizing a better and bigger camp next year.

Love your smile Again!

Has anyone ever told you that you have a beautiful smile?

Well, beyond that stunning and sparkling smile, Bethesda would like to ensure your dental and oral health. With a well-equipped dental unit running 6 days a week (Monday to Saturday), we ensure that the dental health needs of everyone are met.

It's now been two years since the dental unit was established. Doing a range of procedures such as Extractions, RCT, Scaling and Polishing, Fillings, etc, we attend to both cash and insurance cards to access the services.

Dental Healthy tips for you:

- Always rinse your mouth after each meal with water.
- Remember to visit your dentist at least 2 times a year for a check-up
